

Fine Herbs are carefully selected and individually quick frozen to ensure maximum flavor. At VLM we source a variety of IQF herbs and herb mixes from France and the UK. Our IQF Herbs are superior in flavor and color to dried herbs. They offer a way to enhance flavor in any dish. Their taste, aroma and color resemble that of fresh herbs, but with the distinct advantage of little waste and no chopping!

All herbs and herb mixes can be combined to make a full container
